

TPG extends its \$5 for 20GB Seniors Plan to November 2024

SENIORS PLAN

TPG

20GB
for \$5

- ✓ 300 minutes Local Outgoing Call
- ✓ Free Incoming Calls and more

Terms and Conditions

Singapore, 10 June 2021 – For just \$5 for every 30 days, seniors in Singapore can enjoy a generous 20GB of data, 300 mins of free local calls, 30 SMS, free caller ID, free incoming calls and more. Available to all Singaporeans and Permanent Residents aged 60 and above, TPG’s SIM-Only plan offers the best bang for the buck for many seniors here.

It’s not just about good value - the \$5 for 20GB Seniors Plan is also designed for ease of use and peace of mind. While there is a 20GB data cap, streaming does not end when the data limit is reached. Instead, users will be able continue with their unlimited mobile data access, though at a slower 512kbps instead of the full 4G LTE speeds.

For many seniors, this feature is a boon because they do not have to worry about bill shocks while pursuing their digital passions.

First launched last July 2020 in tandem with the Infocomm Media Development Authority’s Seniors Go Digital Programme, the TPG Seniors Plan was originally scheduled to last until 31 July 2021.

It has been very popular with seniors here. As a result, TPG is extending the Seniors Plan until November 2024.

Richard Tan, CEO of TPG Singapore said: “With the heightened stay-at-home Covid-19 measures, it has become even more important for our seniors to be able to stay connected from the comfort of their homes. By extending the Seniors Plan, we hope to continue empowering seniors to enjoy the wide spectrum of online content through our fuss-free and affordable plan.”
